

PROHIBITED WEAPONRY ITEMS TRAINING KIT

X-TEST SECUR010

ABOUT THIS KIT

This kit includes simulated weaponry, including cold weapons, barrel parts, tear gas and other items that may be concealed in common bags or on the body, for terror purposes or criminal acts. This kit is designed based on a thorough analysis of past terror and criminal incidents and demonstrates the adversary's modus operandi.

TARGET AUDIENCE

This kit and its components assist security personnel with Red Team activities at airports and other checkpoints. The kit is designed mainly for security personnel using Walk-Through Metal Detectors (WTMD), X-Ray equipment, Hold Baggage Screening (HBS) systems such as Explosives Detection Systems (EDS), Advanced Technology (AT) Systems, Multi-View Tomography (MVT) and more.
